

Feedback on changes to children's services at Ealing Hospital

21st March 2017

This survey should take no longer than five minutes of your time to complete and will remain open until **15 April 2017**.

Last June improvements were made to children's services across North West London, this led to the closure of the children's overnight ward and children's A&E at Ealing Hospital.

We would like your feedback on the communications issued around this change.
